NEW DISCIPLINE PREFIX
The Division of Graduate Studies would like to request a new discipline abbreviation: "INST" for Interdisciplinary Studies

NEW COURSE PROPOSALS

ARAB 400 40047 Islam and Fiction in English (3); Regular; C-04; Spring 2012
ETHS 400 40048
Prerequisite: Upper division standing or consent of instructor.
Introduction to various representations of Islam in modern fiction, both in the Islamic world and beyond, focusing on the literary cultural influences portrayed in texts that address Islam and Muslims whether centrally or peripherally.

ARAB 510 40049 History of Arabic Literature I: Classical Arabic Literature (3);
ETHS 510 40050 Regular; C-04; Spring 2012
Prerequisite: Four semesters of lower level Arabic or equivalent or consent of instructor.
Introduction to major themes and ideas in classical Arabic literature, focusing on major poetry and prose works from the pre-Islamic and early Caliphate eras.

ARAB 511 40051 History of Arabic Literature II: Modern Arabic Literature (3);
ETHS 511 40052 Regular; C-04; Spring 2012
Prerequisite: Four semesters of lower level Arabic or equivalent or consent of instructor.
Introduction to major themes and ideas in modern and contemporary Arabic literature from various countries (e.g., Morocco, Algeria, Egypt, Syria, Sudan), focusing on major works from the late 19th century to the present.

BIOL 773 Advances in Biomedical Microbiology: Molecular Microbiology (2); Topic; C-05; Spring 2012 39884
Prerequisites: Graduate standing or consent of instructor; BIOL 355.
Overview of molecular and genetic approaches that are used to study microbial physiology. May be repeated for a total of 4 units in consultation with a department adviser, as topics vary.

BIOL 861 Genomics in Drug Discovery, Development, and Therapy (2); Topic; C-05; Spring 2012 39883
Prerequisites: Graduate standing or consent of instructor; BIOL 355 or one year biochemistry.
Overview of the growing and increasingly important field of genomics for drug discovery and development, pharmacogenomics and genomic medicine as applied/related to therapeutics, biomarkers and prognostics in biomedical practice.

BIOL 863 Advanced Ichthyology (2); Topic; C-05; Spring 2012 39882
Prerequisites: Graduate standing or consent of instructor; BIOL 570 or consent of instructor.
Advanced consideration of the ecology, physiology and evolution of fishes, emphasizing current literature and research. Topics and emphasis will vary each term. May be repeated for credit. (Plus-minus AB/NC grading only.)
CHIN 883 Advanced Translation and Interpreting (3): Regular; C-05; Spring 2012 39904
Prerequisites: Graduate standing or consent of instructor; CHIN 881 and CHIN 882.
Training in the translation of literary texts and in conference interpreting. Translation portion focuses on Chinese literary works and methods of transforming the aesthetic and the cultural; interpreting segment will provide training in consecutive and simultaneous interpreting.

CINE 346 The Art of Short Film (3): Regular; C-01; Fall 2012 39899
Prerequisite: CINE 301; restricted to majors/minors.
Examination of short film as a unique form of expression deserving serious study apart from the study of feature length films. Unique structural, aesthetic, and rhetorical dimensions of both fiction and nonfiction short films.

C J 550 School Violence and Discipline (3); Regular; C-02; Spring 2012 39897
Prerequisites: Upper division standing; CJ 300, CJ 330 or 323, or consent of instructor.
Examination of the perceptions and realities of contemporary public school violence; the range of school disciplinary efforts for their effects and consequences.

C J 600 Youth Gangs in Community Context (3); Regular; C-02; Spring 2012 39898
Prerequisites: Upper division standing; CJ 300, CJ 330 or 323, or consent of instructor.
Examination of youth gangs in America within their social, economic and political contexts from their earliest development to the present day; theories of gang formation and stories of the gang experience.

CLAR 530/CLAR 830 ISSUES IN GRECO-ROMAN ART (3); Regular; C-05; Spring 2012 39893/39894
Prerequisites: One of CLAR 250, 507, 508, 515, 516 or consent of instructor.
Introduction to issues in ancient Greek and/or Roman art, focusing on thematic content and social context. Paired with CLAR 830. Students who have completed CLAR 530 may not take CLAR 830 or credit.

COUN 741 Crisis Counseling for Counselors (3); Regular; C-05; Fall 2012 39903
Prerequisites: Graduate standing; preference to SFSU counseling graduate students.
Current theories and practice related to trauma and crisis intervention. Focused on impact of crises and other traumatic events and basic intervention counseling strategies for helping survivors make meaning of their experiences to envision new possibilities. (Plus-minus AB/NC grading only.)

COUN 870 Case Management and Special Topics in Rehabilitation Counseling (3); Regular; C-05; Fall 2012 39902
Prerequisites: COUN 762, COUN 766, and COUN 704; priority enrollment to counseling graduate student.
Roles and functions of case management, case load management, and contemporary rehabilitation services beyond public vocational rehabilitation including psychiatric rehabilitation, school-to-work transition, disability management, forensic rehabilitation, insurance programs, aging and life care planning, and community-based services. (Plus-minus letter grade only.)
C W 880  The Art of Subtext in Fiction (3); Topic; C-05; Spring 2012  39906
Prerequisite: Graduate standing in MFA Creative Writing.
Study of how literary fiction writers employ illusive craft elements to point toward the unspoken. Analyzing texts for the relationship between surface and subtext, responding to texts, generating rich new fiction.

DS 660  Communications for Business Analytics (3); Regular; C-02; Fall 2012  39892
Prerequisites: ENG 214, DS 412, and at least two DS electives; restricted to majors.
Communication standards, supply chain management, quality, ethics, and sustainability. Focus on quantitative analysis and communication. Use of computer-based models.

ENG 753  Beggars and Cross-Dressers: A Survey of Eighteenth Century English Drama and Theatre History (3); Topic; C-05; Spring 2012  39907
Prerequisite: ENG 741 or consent of instructor.
Major developments in 18th century English drama from Farquhar to Sheridan; exploration of the theatre history of the period (acting, set and costume design, stage architecture) to appreciate the historical context of these works.

ENGR 825  Bridge Engineering and Prestress Concrete Structures (3); Regular; C-05; Spring 2012  39908
Prerequisites: Graduate standing; ENGR 425.
Application of structural theory in the design of complete systems for bridges. Focus on prestressed concrete, bridge engineering and others innovative design subjects in structural engineering. (Plus-minus letter grade only.)

ENGR 826  Seismic Hazard Analysis (3); Regular; C-05; Spring 2012  39909
Prerequisites: Graduate standing; ENGR 425 or 426.
Review of fundamentals of seismic hazard analysis, strong ground motions, attenuation relations; probabilistic and deterministic methods; seismic code provisions and ground motions. Introduction of appropriate selection of acceleration records for dynamic analysis. (Plus-minus letter grade only.)

GEOG 625  Programming for Geographic Information Science (4); Regular; C-02 & 13; Spring 2012  39896
Prerequisite: GEOG 603 or equivalent.
Programming methods for developing new tools for automating existing methods for desktop (Python) and web (Javascript) GIScience environments. Essentials of object-oriented programming methods applied to GIS and remote sensing. Classwork, 2 units; laboratory, 2 units.

HIST 583  Hindus and Muslims (3); Regular; C-02; Spring 2012  39885
Prerequisite: ENG 214 or the equivalent.
Examination of the history of Hinduism and Islam, two of the world’s great religious and political traditions. Special attention to cultural productions.

HIST 590  Topics in Asian History (3); Generic; C-02; Spring 2012  39886
Prerequisite: ENG 214 or the equivalent.
Topic to be specified in Class Schedule. May be repeated when topics vary.
**HIST 590**  
Topics in Asian History: Civilizing Demons: Religious, Cultural, and Political Assimilations in *Journey to the West* (3); Topic; C-02; Spring 2012. 39887

*Prerequisite:* ENG 214 or the equivalent.  
Examination of topics in Asian history through an in-depth exploration of a famous Ming novel. Focus on themes of religious, cultural, and political assimilation.

**HIST 780**  
Seminar in American History to 1877: Transition to Capitalism in America (3); Topic; C-05; Spring 2012 39888

*Prerequisites:* Graduate standing or consent of instructor; HIST 700.  
Examination of the transition to capitalism in early America and of the relationship between capitalism and slavery. (Plus-minus letter grade only.)

**HUM 375**  
Biography of a City: Alexandria (3); Topic; C-02; Spring 2012 39891

*Prerequisite:* ENG 214 or equivalent.  
Introduction to the city of Alexandria, its rich, complex history. Focus on major events, religious, cultural, urban, and literary that shaped Alexandria and brought it to its present status.

**NURS 693**  
APO Program Internship (3); Regular; C-78; Spring 2012 39881

*Prerequisite:* Admission to the APO program in Nursing.  
Supervised employment in nursing. Career development, professional experience, and enhancing the education experience. May be repeated for a total of 12 units. (Plus-minus ABC/NC grading only.)

**NURS 810**  
Family Nursing Practitioner Practicum I (4); Regular; C-48; Fall 2012 39910

*Prerequisites:* Classified status in MSN program; successful completion of NURS 711.  
Beginning clinical practicum in a primary care setting. Use of evidence-based approach to provide health promotion and illness management to individuals and families across the life span. Completion of 200 practicum hours. (Plus-minus AB/NC grading only.)

**NURS 811**  
Family Nursing Practitioner Practicum II (4); Regular; C-48; Fall 2012 39911

*Prerequisites:* Classified status in MSN program; successful completion of NURS 810.  
Continuation of clinical practicum in a primary care setting. Use of evidence-based approach to provide health promotion and illness management to individuals and families across the life span. Completion of 200 practicum hours. (Plus-minus AB/NC grading only.)

**NURS 812**  
Family Nursing Practitioner Practicum III (4); Regular; C-48; Fall 2012 39912

*Prerequisites:* Classified status in MSN program; successful completion of NURS 811.  
Refine clinical practice in a primary care setting. Use of evidence-based approach to provide health promotion and illness management to individuals and families across the life span. Completion of 200 practicum hours. (Plus-minus AB/NC grading only.)

**PLSI 461**  
Voting Behavior, Campaigns, and Elections (4); Regular; C-05; Spring 2012 39905

*Prerequisite:* Upper division standing or consent of the instructor.  
Examination of voter behavior, including the decision to vote, the choice of candidates, and partisan identification. Investigation of political science literature on campaign dynamics and strategy.
**PSY 305  Psychology and Mind-Body Connection (3); Topic-GWAR; C-02; Spring 2012**

*Prerequisites:* Junior standing; ENG 214 with grade of C- or better; PSY 371 with grade of C or better; restricted to PSY majors; completed 60 units.

Exploration of psychological research and practice concerning the mind-body connection and its role in promoting health, well-being and optimum performance. (ABC/NC grading only.)

**PSY 305  Psychology, Law, and the Death Penalty (3); Topic-GWAR; C-02; Spring 2012 39901**

*Prerequisites:* Junior standing; ENG 214 with grade of C- or better; PSY 371 with grade of C or better; restricted to PSY majors; completed 60 units.

Examination of capital punishment in the U.S. today; focus on the psychological processes of and impact on judge, jury, survivors, accused, and convicted and the media. (ABC/NC grading only.)

**PSY 723  Clinical Methods: Psychological Assessment (3); Regular, C-06; Fall 2012 39913**

*Prerequisite:* Classified graduate status in psychology or consent of instructor.

Methods of assessment of mental functioning of individuals, including clinical interviewing, psychological diagnosis, report writing, and the administration and interpretation of cognitive/neuropsychological batteries, personality inventories, and projective tests. Assessment considerations for children, older adults, and cross-cultural populations.

**PSY 724  Clinical Issues: Drugs, Brain, and Behavior (3); Regular; C-06; Fall 2012 39914**

*Prerequisite:* Classified graduate status in psychology or consent of instructor.

Examination of basic mechanisms and advances in psychopharmacology, neurological interventions for psychological disorders, and treatment approaches for substance abuse disorders.

**SPAN 850  Latin American Bestiaries (3); Topic; C-05; Spring 2012 39915**

*Prerequisite:* Admission to the Spanish M.A. program or consent of instructor.

Examination of ways in which the literary imagination of the “beast” (the animals, the monster, abnormal, the inferior races, the barbarian, the less-than-human) has decisively shaped the ways that the rebel Latin American masses have been collectively imagined and represented.
